Best Sellers 2016 collection

For gifts, kitchen, garden and home decorations, Best Sellers offers you something different. We deliver our products to retail-stores, all over Europe and the USA. We present our collections in our showroom of 1500 m2 in Veenendaal (The Netherlands) with more than 6000 different products.

We select the latest trendy and best selling items. Price wise and quality wise. Further we look for fast selling lines in the market, always keeping an eye open for innovations which results in an exclusive collection for you.

New trends keep coming in as we constantly source on International Fairs and look for the latest ideas on home decoration, accessories and our other product groups in London, Paris and New York. Thus, no matter what season is involved, we always present an up to date collection of items.

Over the last 25 years, the way of doing business has changed. More and more customers are interested in combinations of materials or combinations of items and packaging. Besides that, it's more important to find ''exclusive'' factories in China due to the non-exclusive marketing by many Chinese manufacturers. Nowadays, items once exclusively developed for the market are immediately widespread around the world.

Therefore Best Sellers looks for stability in the total Asian market by both exploring China as well as other countries like Indonesia, Vietnam and India where we also set up joint venture offices which cover totally different product ranges with more added value. Many importers are unable to deal succesfully with these markets. Therefore, we are proud to offer you a wider product range.

Besides that we develop exclusive items for many of our customers. To do business in this way means that both Best Sellers and our partner must have confidence in each other. Reliability is what Best Sellers stands for.

We are sure that once you have visited our showroom, you will be convinced about our ideas and expertise. We draw on information from all over the world to bring you the best ideas and combine the best prices with quality.

Best Sellers is centrally situated in the beautiful region known as the ''Heuvelrug''; famous for her hills with forest strips and her location in the heart of the Netherlands between Utrecht and Arnhem.

Therefore we warmly welcome you to visit us and look forward to meeting you in Holland.
